UNIQUE CHARACTER, EXCEPTIONAL QUALITY

.....

A fusion of the best of old and new, Castle & Victoria's buildings date from the late nineteenth century. Originally used to accommodate workers from the nearby Watney brewery, they've been brought to life with a strikingly beautiful – and natural – refurbishment. Redeveloped to fit right in with the surroundings, exterior facades have been meticulously restored, with special attention paid to entranceways and building footprints. Interiors have been fully rebuilt, bringing them up to the high standards of a bespoke modern urban home. One thing you'll notice is the attention to detail with the finishes, such as brush brass fittings throughout the bathroom, brushed gold kitchen taps, handleless kitchen cabinets, under-mounted sinks, and spacious fitted bedroom wardrobes.

Living so close to the tube and numerous bus routes provides easy access to work and the local delights and charms of the capital. This doesn't mean being tied to the tube or bus – at Castle & Victoria there's ample cycle storage and each home comes with a car club membership. And out of your front door, there are so many things to see and do. Being in the heart of London means being spoiled for choice. Here, the capital is your oyster, yet the immediate area around Castle & Victoria is calm and often tranquil. Buckingham Palace may only be a six-minute walk away, but the hustle and bustle associated with it and nearby Victoria Station (eight minutes by foot) is pleasantly absent from Castle & Victoria.

Rooftops in Westminster

Castle & Victoria lies within the Birdcage Walk Conservation Area, which borders upon Buckingham Palace and St James' Park. This indicates that the area has a special architectural or historic interest, with a special character or appearance that's worthy of preservation or improvement. Buckingham Palace, one of the most iconic buildings in the world, became the principal royal residence on the accession of Queen Victoria to the throne in 1837, three years after a fire destroyed the Palace of Westminster, home to the House of Commons and the House of Lords. The rebuild, which introduced Big Ben to the complex, would not be completed for a generation. The result is part of a UNESCO World Heritage site, with Westminster Abbey – famous for coronations and royal weddings – and the sixteenth-century St Margaret's Church. In more recent history, the Churchill War Rooms, where the British War Cabinet met 115 times over the duration of the Second World War, can be visited by foot, just a twelve-minute walk to the east. Continue for another ten minutes and you reach Trafalgar Square, home to Nelson's Column and adjoined by the world-renowned National Gallery and National Portrait Gallery. Or visit the state rooms at Kensington Palace, the current official residence of the Prince and Princess of Wales.

THE VIBRANT EXPERIENCES THAT MAKE LONDON WORLD FAMOUS

.....

The River Thames is within easy reach to the southeast of Castle & Victoria. Here you'll find the world-famous Tate Britain, home to the largest collection of works by Turner, noted for his vivid historical snapshots of contemporary landscapes and seascapes, and how industrialisation was changing British life forever. Nearby Kensington is home to four of Britain's most influential museums, all close to each other. The Victoria & Albert has over 2.8 million objects, books and archives covering over 5,000 years of creative art and design across an extraordinary range of disciplines and movements. Famously home to a towering collection of dinosaur skeletons that have loomed large over generations of young Britons, the Natural History Museum houses 80 million life and earth science specimens, including world-historical examples collected by Charles Darwin. The Science Museum, with incredibly varied and informative galleries and exhibition spaces and the awe-inspiring IMAX experience at The Ronson Theatre, and the Royal College of Music Museum, with over 14,000 items representing more than five hundred years of music, complete this magical quartet.

Castle & Victoria is perfectly located to take advantage of the entertainment and leisure offerings that make London so famous as a global city of creative significance. In the immediate vicinity, you'll find the Victoria Palace Theatre, where you can see the multi-award-winning Hamilton, and the Apollo Victoria Theatre, home to the equally well-lauded Wicked. There's also a Curzon cinema specialising in the best of arthouse films from around the world. The Royal Albert Hall, a gloriously unmissable, unique Victorian building to the west that plays host to practically every form of live performing arts, including the annual BBC Proms. The 39 theatres of the West End compete with Manhattan's Broadway as the pinnacle of the English-language stage and exist in harmony with the cinemas of Leicester Square, frequently the scene of major-release world premieres. For a change of pace, tradition meets vibrancy at the RHS Chelsea Flower Show, which has welcomed the incredible colours of spring five days every year since 1913.

SAVOUR THE WIDER CHARMS OF THE CAPITAL

A little further afield, and yet still within close reach of Castle & Victoria, are three of the areas that have helped reshape London as a highly diverse, welcoming global city. To the north is the Edgeware Road district, a destination for immigrants from the Arab world since the time of the Ottoman Empire. The area, affectionally known by many Londoners as “Little Cairo” or “Little Beirut”, offers an incredibly broad range of delicious food options covering North Africa and the Middle East all the way into Iraq, Iran and Afghanistan. On the other side of the Thames is Brixton, which attracted Caribbean immigrants after the Second World War who would go on to transform Britain. With its vibrant nightlife so many Afro-Caribbean culinary delights to savour, it’s also home to the famous Brixton market. Here you’ll find Afro-Caribbean products as well as food from all corners of the world. On the border of Soho is Chinatown, with numerous restaurants, bakeries, and supermarkets.

1. Start your journey Choose the right home for you by visiting our website or giving us a call. Tell us what you are looking for and we will answer any questions you have.

2. Are you eligible? Complete the online application form. We'll check your form to see if you've met the overall criteria for Shared Ownership and whether it is affordable for you.

3. Check out the development Book your viewing at The Perfume Factory with our Sales Team.

APPLY

4. Select your preferred home Have you seen something you like? Tell us which apartment is your preferred one.

5. We offer you a home We'll try to offer you your preferred home. If we can't, we'll look to offer you a similar home at The Perfume Factory or at another development of ours.

6. Purchasing interview You'll supply evidence of your income, savings and other required information to one of our Specialist Financial Advisors. They will review whether buying the home is affordable for you in more detail and will look to find the right mortgage deal available to you. A Sales Executive will then contact you (usually by phone) to discuss the outcome of the review and explain the buying process in more detail.

BUY

7. Instruct your solicitor When you instruct a solicitor you will also need to pay your reservation fee and apply for a mortgage.

8. Exchange of contracts You're nearly there – exchanging contracts means that everything is tied up. We've legally agreed to sell you the home and you've agreed to buy it.

9. Home demonstration When the building is ready, we'll invite you to see your home before you move in. We'll give you a resident's manual and make sure you are familiar with key features such as kitchen appliances, heating and security systems.

10. Legal completion Reaching legal completion means you have bought your home and can move in. Congratulations, you are now a homeowner at Castle & Victoria!
