How Shared Ownership works

PARADE
EDGWARE

Shared Ownership at Edgware Parade gives you the opportunity to buy a share of your new home, starting from 25% - 75% but the share that you purchase depends on what you can afford. The rest is owned by SNG and you pay a subsidised rent on this portion in addition to your own mortgage. The service charge is calculated based on a number of factors, more details will be provided during the sales process, but primarily this is the cost the Landlord incurs for maintenance and repairs of the communal services (i.e. lifts) communal areas and building insu Priority will be given to people who live or work in the London Borough of Barnet.

You will need to have savings to cover any deposit required by your mortgage lender, the costs involved in moving and solicitor fees. When you can afford to, you can take your next steps and increase the share you own; this is known as 'staircasing'.

The cost of the additional share that you buy will be based on the current market value of your home.
