WONDERING IF SHARED OWNERSHIP IS RIGHT FOR YOU?

After renting various homes over three years, Molly Bexon and Luke Evans decided they wanted to make the big step of buying their first home together.

While the pair had managed to save some funds, they worried it would take them a while to be able to afford an open market home, while still paying rent.

The couple wanted a home they could call their own, without busting the bank, so when Molly's relative bought via Shared Ownership, the pair decided look into it too.

They spent three months searching for a property and while looking at options online, they came across Domovo's, Shared Ownership properties being built at The Orchard at Wintringham in St Neots.

Molly and Luke moved into their two-bedroom home in April 2023, and were pleased with the whole process from start to finish.

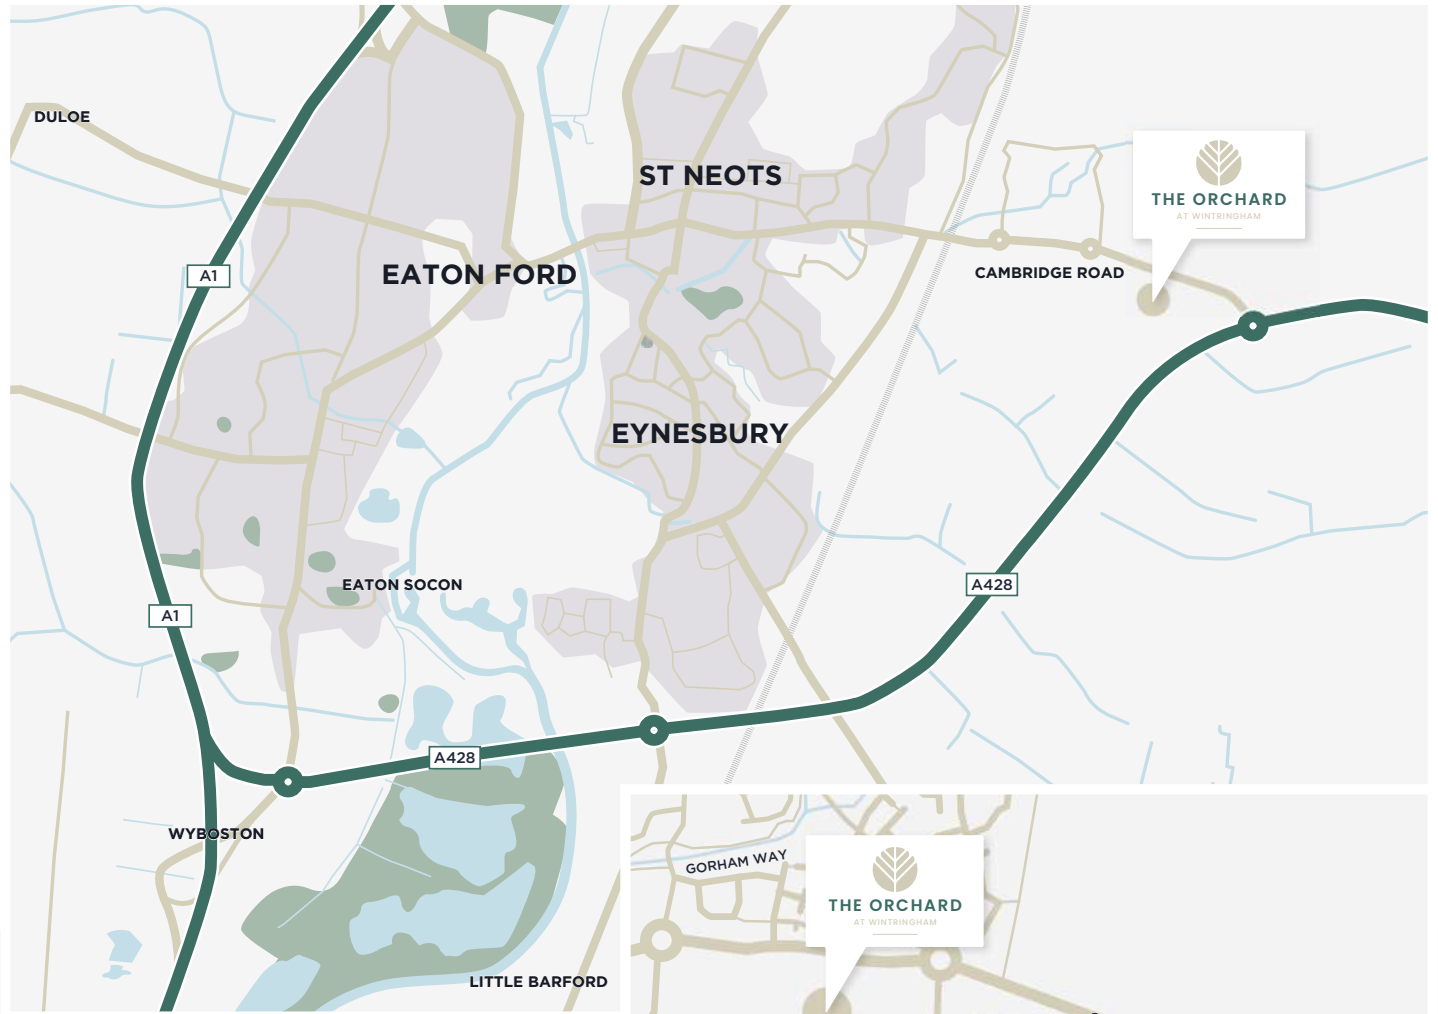

Molly & Luke

I had a million questions, but Domovo were brilliant at answering everything. It was great to have a point of contact, a specific advisor and they were very honest.
