# IT HAS ALWAYS BEEN OUR DREAM TO OWN OUR HOME.

Josh and Josie Drury

When renters Josie and Josh Drury discovered they were expecting a baby, they decided it was the right time to finally look at buying their own home.

The couple, who married in 2019, had been renting a two-bed house in Cambridge but it was not particularly child-friendly or spacious, plus it was an expensive way to live.

Josie said: “We moved into our first house after we got married but during the pandemic the rent kept increasing and when we found out I was pregnant we realised we definitely wouldn’t be able to afford to continue renting and would need more space.”

With the support and encouragement of both their parents, the couple decided to go ahead and soon found a home in Cambridgeshire and reserved a plot at the end of January 2022.

Luckily a work colleague and friend of Josie’s was already in the process of buying a shared ownership home through bpha and told them all about how it worked.

The move has also made the couple financially better off, as the monthly cost of mortgage and rent on their home is around £200 less than they paid in rent at their previous property.

“It has always been our dream to own our home. We are not big earners, so to be on the property ladder is so lovely.”

As Josie knew she would be on maternity pay, the couple decided to buy just 35% shares of the £365,000 house, with a plan to hopefully buy more over time.

## THE MONTHLY COST OF MORTGAGE AND RENT ON THEIR HOME IS AROUND £200 LESS THAN THEY PAID IN RENT AT THEIR PREVIOUS PROPERTY.

Speaking about the process, she said it was really quick, simple and easy for them.

“The process went really well, with no delay. The thing that took the most time was getting the finance and mortgage set up.”

The team at Domovo worked really hard to ensure the couple were in their home before Annabelle was born.

“The staff were really friendly and quick at responding,” said Josie, 29. “We were blessed in that way, they were really efficient.”

## SHARED OWNERSHIP

### THE OPTION YOU NEVER KNEW EXISTED

We believe that everyone should have the opportunity to own their dream home. That's why all our properties are available through shared ownership. This flexible scheme allows you to purchase a share of your home and pay rent to bpha on the remaining share, making it easier to step onto the property ladder.

Initial shares of between 10% and 75% are available, allowing you to start with a share that suits your budget while paying a subsidised rent on the remaining portion. In the future, you have the flexibility to purchase additional shares in your home up to 80%, or even sell your home and move.

You can buy between a 10%-75% share

Make mortgage payments on the share you own

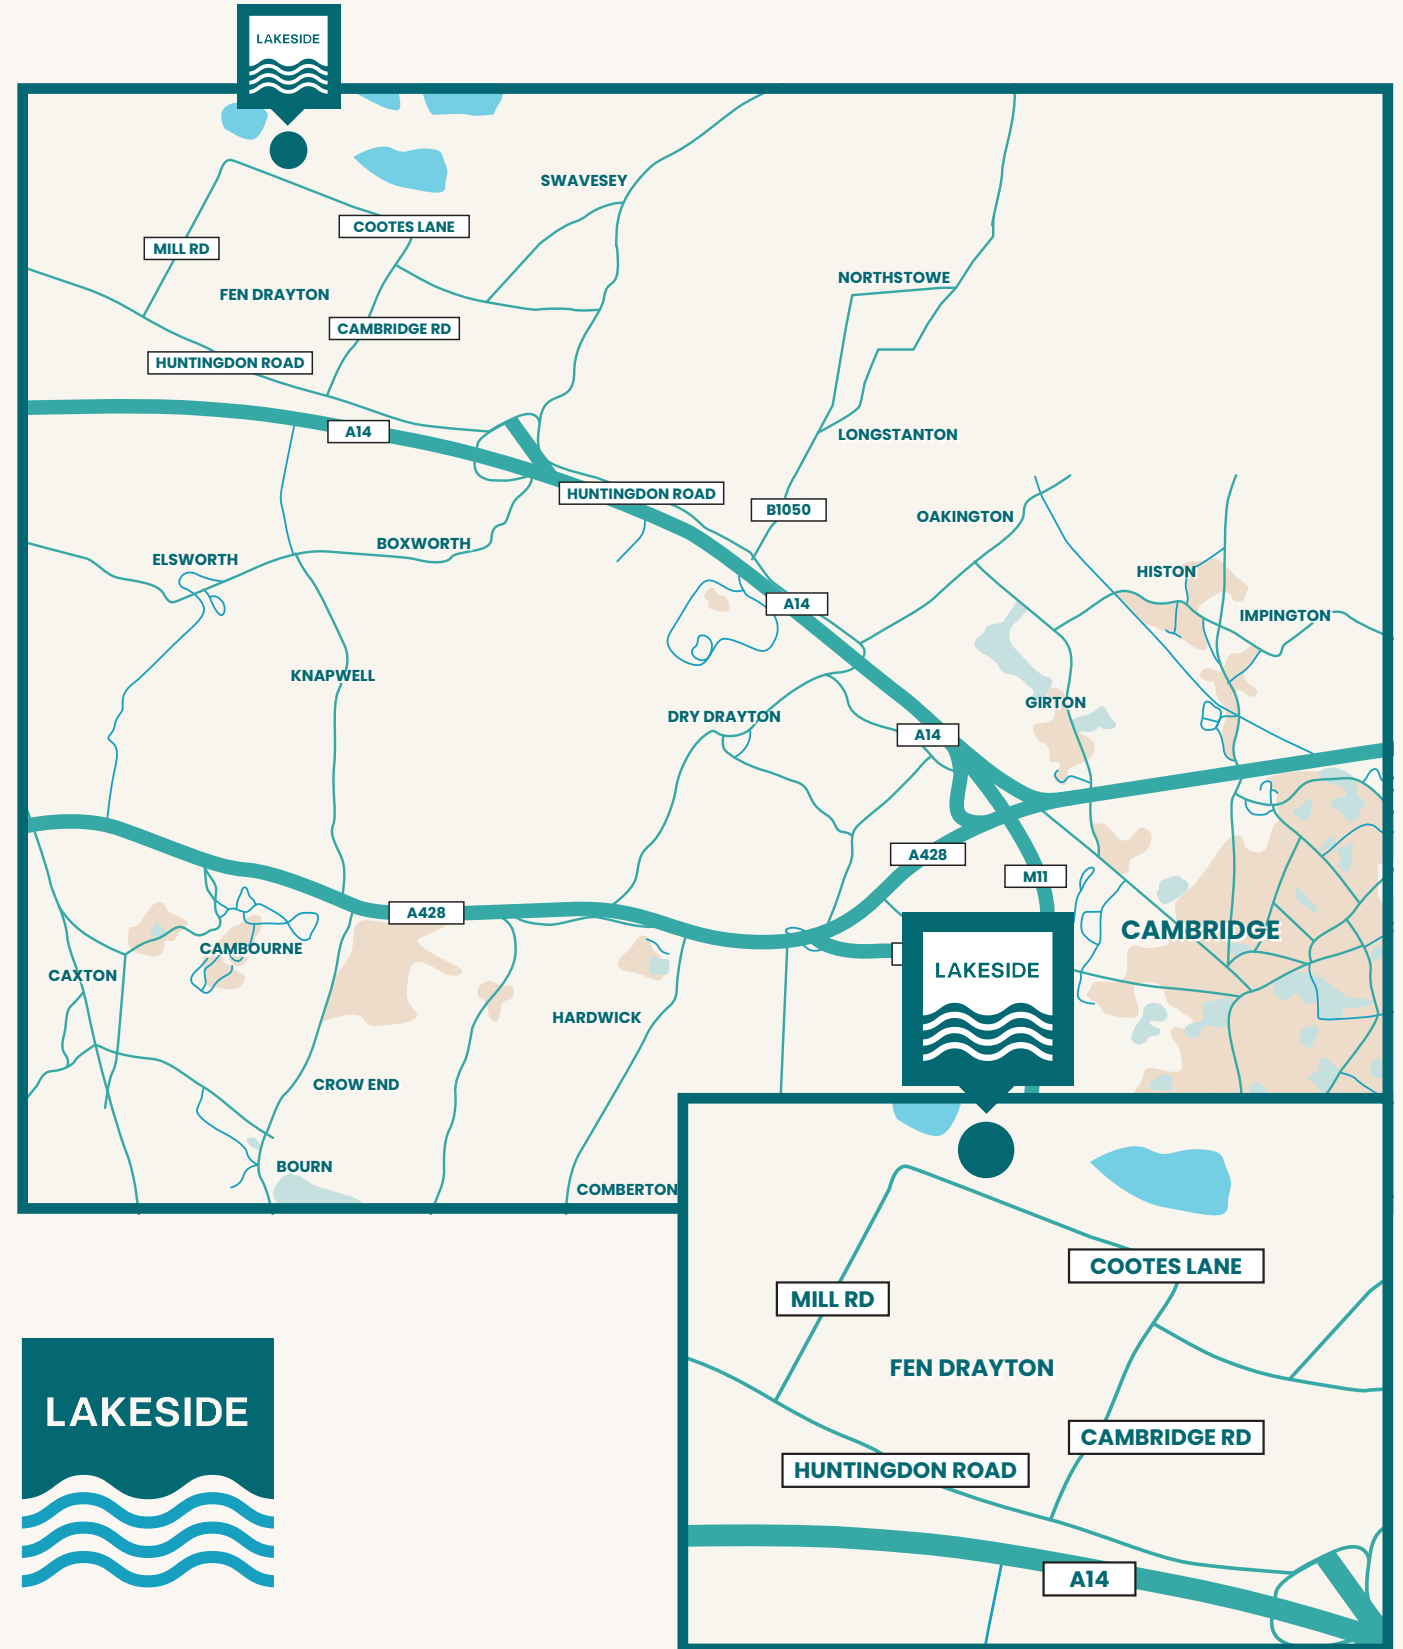

Pay rent on the remaining shares

Buy more shares in your property in 1% increments
