Making home ownership possible

In partnership with

Experts in Shared Ownership

SO Resi is delighted to offer the opportunity to buy these beautifully designed Shared Ownership homes by Pinnacle Spaces in association with Zen Housing.

SO Resi is dedicated to helping more people buy their own home with Shared Ownership – building strong communities of homeowners living in places they love.

We have been leading the way in Shared Ownership for years, so we know exactly how to make buying your new home simple and straightforward. If you'd like to enjoy life at Wembley Way, we are on hand to help. Our team will explain the costs clearly and work out what's affordable for you. If you decide to go ahead, we'll be there to answer all your questions on your journey to owning one of these apartments.

How does Shared Ownership work?

It's easy. You start by buying just a share of your home, with a lower deposit and a smaller mortgage – plus a monthly payment on the rest. You can buy more in the future as your income grows, and sell your share whenever it's time to move on.

SO Resi is the Shared Ownership brand of Metropolitan Thames Valley, and is an agent for Pinnacle Spaces in association with Zen Housing.

SO Resi can help you own one of the 63 Ownership homes at Wembley Way. We will work with you to see what's affordable for you, then be there to guide you through the whole process step-by-step, explaining everything in a clear and straightforward way and answering all your questions along the way to your own front door.

Shared Ownership made simple

With Shared Ownership, you buy a home in your own way – starting with a share that's right for you – between 25% and 75%. You can choose to buy more later, when it suits your income. Starting with a share means your mortgage deposit and monthly mortgage payments are smaller than if you bought your home outright.

There are two other monthly payments. One is for the share of your home owned by the landlord. At Wembley Way, this is Pinnacle Spaces. The other is the service charge, which pays to look after the building you live in. There are also the other usual costs, like household utility bills.

In the future you can buy more of your home, and even own 100%. The more you own, the lower your landlord payment will be.
