SHARED OWNERSHIP AT HOME X

Wondering if Shared Ownership is right for you?

Shared Ownership is designed to make stepping onto the property ladder more affordable. If you are unable to raise a large enough mortgage to buy a home, or perhaps you have a good income but not enough deposit, Shared Ownership could be your answer.

One of the primary benefits of Shared Ownership is that because you are buying a share, the mortgage deposit you need is based on the share of the home you buy rather than the full market value. You then pay a subsidised rent on the remaining part.

If you don't currently own a home, your household income is less than £80,000, and you have savings to cover your deposit and standard buying fees, Shared Ownership could be what you're looking for.

We have a team on hand to help you as part of your journey with Southern Housing New Homes.

TO GET STARTED ALL YOU NEED TO DO IS CHOOSE YOUR HOME X
