ABOUT SHARED OWNERSHIP

Shared ownership is a government-backed scheme for people who are unable to afford to buy a home at full market value and has helped many first time buyers get onto the property ladder.

It's a part buy/part rent scheme where you buy a share in the property and pay rent on the share you don't own. The home can either be a new build or an existing shared ownership home that you're looking to purchase through the resale programme from Gateway or any other housing association. You initially purchase between 25% and 75% of the property's value and pay a subsidised rent on the remaining share that you don't own. You can purchase more shares at a later date, through a process called Staircasing which will reduce the amount of rent you pay.

When you buy a shared ownership home you become a leaseholder and Gateway Housing is your landlord.

Your lease is a legal document that proves you own part of your home and you have the same rights and responsibilities as a full owner-occupier. You take out a mortgage for a share of the home's purchase price and then pay a subsidised rent on the share you don't buy. Typically there will also be a monthly service charge payable.

If you decide to buy the remaining shares of your home, you will then own outright. If your property is a house, you may be able to purchase your freehold. If so, your solicitor will arrange for the freehold to be transferred to you like any other house owner. If you own an apartment,

you'll remain a leaseholder like any other apartment owner. This is because your home is in a block of apartments and your lease sets out responsibilities for use and maintenance of all shared areas.

If you become a full owner of an apartment you will still be responsible for the ground rent and service charge, which includes the buildings insurance.

If you become a full owner of a house you may still be required to pay an estate charge if you are living in a development with shared maintenance areas. You will also need to arrange your own buildings insurance, as this will not be covered by the service charge.

ABOUT GATEWAY

GATEWAY HOUSING HAS BEEN SUPPORTING COMMUNITIES TO THRIVE SINCE 1926.

Gateway Housing Association is an ambitious housing association with 3,000 homes in the heart of London's East End.

We operate mostly in the London Borough of Tower Hamlets but we have some properties in Hackney and Newham.

These are made up of social rented homes, shared ownership homes and sheltered housing.

Our focus is on 'supporting communities to thrive'. That's why we invest so much in community projects for our resident groups and young people each year, making us so much more than a landlord.
