## Shared Ownership

Now that you have found your dream property you're probably asking, "Is Shared Ownership right for me?" At Optivo, we know that a new home is one of the biggest purchases you will ever make, and Shared Ownership helps make this a reality.

### How does it work?

You'll start by buying a share in your property that's between 25% and 75% of the full value, using a combination of a mortgage and a deposit. You will then pay a subsidised rent on the share you don't buy. In the future, if your circumstances change and you'd like to, you can purchase more shares in your home, right up to 100%. As your share increases, the rent you pay decreases.

### The details

You need to consider a few things before deciding to proceed:

- Shared Ownership homes are Leasehold.
- There will be a service charge to pay towards the management and maintenance of the development, which is shown on our price list.
- Affordability and eligibility checks apply, so ask your Sales Advisor for more information so you can start making your dream a reality.
