# DISCOVER MORE AT SOUTH BANK

Points Cross represents the pinnacle of city living. Located at the heart of South Bank, Leeds Dock was originally the industrial northern powerhouse built for river traffic using the Leeds and Liverpool Canal to carry commodities such as coal to supply the heavy industries in Hunslet.

Now home to an altogether different kind of bustling scene, South Bank has grown into a buzzing waterside community with miles of waterside paths for cyclists, joggers and walkers. All just a fifteen minute stroll to the action of Leeds city centre, Points Cross represents the best of both worlds - Leeds South Style.

**Take a five minute stroll over the bridge and you're in the heart of the city.**

# SHARED OWNERSHIP

## Our scheme makes it easier for you to get on the property ladder

Shared Ownership is a government-backed scheme and another way to buy your home.

You buy a percentage of a home normally (between 25% and 75%), with a mortgage and a deposit, then pay rent on the remaining unpurchased share. Guinness owns part of it - but you're living there, you decorate it and decide when to sell.

Shared Ownership can make the first step on the property ladder more affordable. Buying a percentage of a home means a smaller deposit and a smaller mortgage, and can help you buy a home which is out of reach on the open market.

## OWN YOUR OWN HOME

10% deposit required is based on full market value of £300,000, therefore you are able to buy a 25% share for £75,000

### What are the costs involved?

When buying a share of the home, you won't need to raise as large a mortgage. Plus the deposit you'll need is based on the share value you buy, not the full market value; this could be as low as 5% of the share.

You'll also need savings to cover initial purchase costs such as mortgage and solicitors fees. To reserve your chosen home, you'll also need to pay a reservation fee to secure the home as yours until a formal offer is made. Remember that you need to pay your mortgage and rent payments each month as well as your usual household outgoings.

### Am I eligible?

Most of our homes are available for everyone to apply and eligibility is governed by Homes England. You'll need to be over 18, a resident in the UK and meet the maximum household income criteria. Your household income should be less than £80,000 and you must be unable to afford a home on the open market.

Occasionally, you'll also need to prove a local connection to the area in which the homes are built, or the surrounding areas. To help you, we'll carry out an affordability check to make sure you won't be stretching yourself too much financially.

### Example

For example, you're looking to buy a home with a full market value of £300,000. You're able to buy a 25% share for £75,000.

Your 10% deposit is based on the 25% value, so you only need £7,500.

**If you're looking to buy, get in and buy now because it's only going to get better.**
