## Building for the future

We are one of the biggest housing and care providers in the country, with over 66,000 homes across the UK and over 140,000 customers.

We are focused on improving people's lives by building new homes and improving services, and we have been doing it for 130 years. We combine our deep heritage with our forward-thinking ambition and commitment to sustainability.

We recognise that the world around us is changing, and while our purpose will always remain the same, we're constantly evolving to make sure we're building energy-efficient homes that last for future generations.

# Shared Ownership explained

If you decide to use the Shared Ownership scheme you'll soon realise that it's an alternative way to buy your home in Crewe.

### What is Shared Ownership?

You buy the percentage of the home you can afford, and then pay rent to Guinness on the percentage share you don't own. You'll also pay a monthly service charge to Guinness for keeping the development looking it's best.

Shared Ownership isn't house-sharing, it's just a more affordable way onto the property ladder for many people across England. You live there, you decorate it, and you decide when you the time is right to sell.

Buying a percentage of the home, instead of the whole value, often requires a smaller deposit and a smaller mortgage. Making buying a home a more achievable dream for many.

Photography shows a Shared Ownership customer of Guinness Homes at our Leaside Lock development. Guinness Homes and The Guinness Partnership support the development of mixed tenure communities and are proud to provide homes for Shared Ownership and affordable rent. The tenure of these homes may change subject to demand. Details correct at time of going to print. Shared Ownership – Terms and conditions apply. This scheme is subject to status and fitting criteria. Minimum and maximum share values will apply and rent is payable on the unsold share.

## Tamara & Terence bought their dream home at Leaside Lock with Shared Ownership

From only £125,625 for a 25%  
of a full market value of £502,500.

Tamara and Terence always dreamed of owning their own home. But with the high cost of housing in London, they thought it would never happen. Then they learned about Shared Ownership. With Shared Ownership, they were able to buy a 2 bedroom apartment in Leaside Lock for just £125,625. They're so grateful for the opportunity to own their own home, and they love the fact that they can afford to live in a great neighbourhood.
