Shared Ownership for the over 55's – How does it work?

Whether you are retired, planning for your future or downsizing, where you live and quality of life is important. Warburton House provides you with the privacy of your own apartment but with the sense of community.

You buy a share in your home (50% or 75%) with the remaining share owned by the Housing Provider.

There is no rent to pay on a 75% purchase.

In the future, you can simply sell your share for its value at the time of sale (current market valuation required) or purchase further shares in your home (up to 75%).
