WHY SHARED OWNERSHIP?

Buying a home is a complicated process so it's little wonder that the idea of shared ownership can be daunting. We offer a variety of homes to buy under the shared ownership scheme and the following few pages will provide you with everything you need to know including how to apply, the cost of buying and eligibility.

What Is Shared Ownership?

Shared ownership is an affordable way to buy a home which involves part owning, part renting a property. It's designed to help people who can't afford to buy a home at full market value and allows you to buy a share of a property (usually 25%-75%) and pay rent on the part you don't own. You'll need to take out a mortgage to pay for your share. When you can afford to, you may wish to increase your shares until you own the entire property. This is known as 'staircasing'. You will also pay a service charge for your home, which is usually charged on a monthly basis. There are lots of good reasons to buy a shared ownership home:

- Buy chain free
- Have a 12 year construction warranty from a leading warranty provider
- 2 year developer's defects warranty

How Does It Work?

The price of the share you buy is determined by a property valuation, carried out by a Royal Institution of Chartered Surveyors (RICS) qualified surveyor. On the share of the home you don't own, you will pay rent. For example, if you purchase 40% of your home, you will pay rent on the remaining 60%. You will need to have a financial assessment to establish the maximum share you can afford to buy.

What Will You Own?

As with all apartments, the Shared Ownership apartments will be Leasehold and typically be for a period of 125 years. No ground rent is payable until such time you own the apartment outright by having staircased to 100% ownership of the property.

How Much Will It Cost?

The level of deposit (from 5% of the share you purchase) you need depends on the cost of the share you would like to buy, and the mortgage you choose. In addition to your monthly mortgage and rent payments, you'll need savings of around £4,000 to be able to cover the cost of the survey, legal fees and stamp duty (if applicable). The amount of deposit you will need depends on the mortgage provider you chose, the terms of the mortgage and your credit rating. If you want to buy more shares, the cost of your new share will depend on how much your home is worth when you want to buy the share. If property prices in your area have gone up, you'll pay more than for your first share. If your home has dropped in value, your new share will be cheaper. Buying additional shares will reduce the amount of rent you pay.

If you staircase to the point where you own outright, you will no longer have rent to pay.

Eligibility

To qualify for a shared ownership property you will need to meet certain criteria set by the Local Authority. You will be eligible for shared ownership if:

- You are unable to afford a home that meets your needs
- You don't currently own a property
- Your household income does not exceed £80,000 p.a.
- You pass the financial assessment

Applicants for shared ownership are prioritised based on the Local Authority criteria. Priority is generally given to applicants living or working in the same borough as the property they wish to buy. When prioritising applicants, the Local Authority will also consider whether:

- You work in the Ministry of Defence
- You are deemed to be in a high priority group by the Local Authority. In some cases, the Local Authority use their own criteria to prioritise applicants.

How To Apply

Please contact our Sales team for further information on how to register your interest.

SHARED OWNERSHIP PROCESS

1. The Conveyancing Process

This is the process of transferring ownership of a property from one person to another. It usually takes 4 weeks from reservation to exchange of contracts

Once your application has been approved by us, you'll need to instruct your solicitor and pass their details onto us. We'll also need details of your lender. We will issue a Memorandum of Sale to all parties, which gets the legal process underway.

2. Searches

Your solicitor will carry out a number of searches including environmental searches as well as local area searches.

3. Survey

You will need to pay for a survey/valuation, which is carried out by your lender.

4. Mortgage Offer

If you are buying a property with a mortgage, you'll need a mortgage offer on the property. Once you've received the offer you will need to send this to us so that we can approve it.

5. Exchange Of Contracts

When you exchange contracts you will need to pay a deposit (from 5%) which makes the sale legally binding at the price agreed. If you withdraw from the sale for any reason, the deposit is non-refundable. At this stage you are also now ready to agree a completion date.

6. Completion

The completion date is when your solicitor transfers the remainder of the money to our solicitor and the home officially becomes yours. Your solicitor will request the funds from your lender well in advance of the completion date and will also carry out a final search at the Land Registry. Other costs that will need to be paid are Stamp Duty (if applicable) as well as rent and service charge to us. A transfer document showing that the home is now leased to you will be sent to Land Registry.
