First Homes Scheme Explained

The First Homes scheme is a policy that provides discounted homes to eligible buyers in England who otherwise wouldn't be able to afford one.

Under this scheme, first-time buyers can buy a new-build home at South Central, at a discount of 30% on the homes full market value.

These properties must be purchased by first-time buyers. If buying as a couple, neither partner can have previously owned a home. Otherwise, the properties are bought and sold as normal.

If and when the first-time buyer decides to sell the property, the home will be independently valued, and the scheme discount will be re-applied to this new value for the next owner.

The following criteria apply to all purchasers involved in buying the home:

You must be a first-time buyer.

You'll also need to buy within your local area, with the intention of living in the property (it cannot be a holiday home or buy-to-let).

Your combined income must not exceed £80,000.

The scheme requires first time buyers to purchase their property that covers at least half of the purchase value. With the discount in place, the mortgage requirement will be lower.

How To Apply

Contact Connells New Homes: Let us know you're interested in buying a First Home. You will be expected to complete an affordability assesment with our friendly mortgage advisors who will assess your affordability to purchase.

Apply through the developer: Our advisors will take you through the necessary steps to submit your application and we are able to do this on your behalf. This will include proving that you are a first-time buyer, which a solicitor can do for you through land registry searches. You need to pay a fee if the First Home you want to purchase is a new build. Once the application is successful the fee payable is £500.

Get the authority to proceed: If your application is successful, Birmingham City Council will send you an Authority to Proceed and Eligibility Certificate. You'll need to give these to your solicitor and mortgage provider (or broker) so that they can start next steps.
