LET SHARED OWNERSHIP *be your step onto the property ladder*

This home ownership scheme allows you to buy an initial share in your home and rent the remaining share. Over time you can then buy more shares in your home until you own the full 100%.

ABOUT *Shared Ownership*

Q: How does Shared Ownership work?

At Perry Barr Village, you can buy an initial share of between 40% and 75% of the home's full market value. Your mortgage repayments are based on the share of the home you own, and you'll pay a subsidised rent on the remaining share that you don't own.

Over time, should your financial circumstances change, you may choose to purchase further shares, taking your ownership to 100%.

Q: Will I need a deposit?

With Shared Ownership properties, a deposit is still necessary, typically starting at just 5%–10%. Since you're buying a portion of the property, your deposit is typically lower than when compared to the open market, making it more affordable.

FAQs

Q: How do I know what percentage I can purchase?

At Perry Barr Village, you can own any share from 10% to 75% of the initial purchase price. You will be asked to speak to a mortgage broker to assess what share you can buy that is both affordable and sustainable.

Q: What if I already have a home?

If you already own a property you would need to have confirmed the sale of your home when you apply to buy via Shared Ownership. Your application would be assessed based on your housing need for you to be considered for Shared Ownership.

Q: Can I buy a property on my own?

If you earn or have a household income up to a maximum of £80,000 per annum, you could be eligible. You can also use Shared Ownership to buy alone or with another person as long as your joint incomes don't exceed the maximum earnings bracket.

Q: How will I pay my rent?

Legal & General has appointed a Management Provider, Pinnacle, to manage your rental account and will collect the rent on our behalf. They will be in touch with more information nearer the time of completion.

Q: Is it cheaper than renting?

Shared Ownership can be cheaper than renting privately as the mortgage cost and low rent usually add up to less than the equivalent rental payments to a landlord.

Q: Can I buy additional shares in the property?

Yes you can. This is known as 'staircasing'. You are able to purchase 1% share increments annually for the first 15 years. The costs and details of this will be sent to you annually so you can decide whether to take this option. If you wish to purchase a larger proportion of your home, your home is revalued and you buy the shares at the current value given by a RICS surveyor. You can staircase up to 100%.

Q: Can I rent out my property?

You **cannot** grant an assured shorthold tenancy on a Shared Ownership property. Shared Ownership homes cannot be purchased for Buy To Let. If you want to get a lodger you can, however, you need to be able to afford to purchase the home without any assistance.

Q: How is the rent calculated?

Your annual rent is charged at 2.75% of the residual value of your home, which is reviewed annually each April. This is capped at CPI (Consumer Price Index) from September of the previous year +1%.

Our Sales Consultant and your mortgage broker can give you further details based on your specific circumstances.

Q: Can I decorate and make improvements to my home?

Yes, you don't need our permission for decorating or simple repairs, however, you would need to get permission for larger works to ensure it does not affect the structure of the building.

Q: What is the length of the lease?

The lease is 990 years.

Q: Will I have to pay Stamp Duty?

When you buy a share in one of our homes you will have to pay a Stamp Duty Land Tax (SDLT). We advise you consult your solicitor as to the amount payable at the point of your legal completion.

There are two ways to pay on a newly built (new lease) property. Making a one-off payment based on the total market value of the property or paying any SDLT due in stages. If you decide to make a one-off payment upfront this is known as making a 'market value election' If you choose to pay SDLT in stages then you pay SDLT on the initial purchase amount. Should you choose to pay SDLT in stages, you will not have to make any further payments until you own more than an 80% share of the property.

Q: What if I want to sell my property?

When you want to sell your Shared Ownership home, Legal & General Affordable Homes has a time period specified within your lease to offer the property to another eligible shared owner. If we are unable to source a suitable purchaser in this time, you can put the property on the open market.

Q: Are there other costs involved?

Some other costs to consider:

Estate charges

An estate charge is payable by all homes on the development to maintain roads, lighting, and landscaped and communal spaces.

Service charges

This fee covers repairs and maintenance of communal areas, lifts, lighting, gardens, or open spaces, and building insurance.

Management fees

Legal & General Affordable Homes appoint a Management Provider to manage your home and rental account on our behalf. Pinnacle will be in contact shortly after you move in to introduce themselves.

Solicitor fees

You must appoint a solicitor before you can apply for a mortgage, and it is importance to check they are approved to work for your mortgage lender. Fees are usually based on a fixed cost basis.

Broker fees

A mortgage broker will charge a fee for their services, and this can vary from a fixed amount to a percentage of the purchase price. Your broker should explain what fees are charged before they undertake any work on your behalf.

Other fees

You may incur other costs throughout the moving process, for example, removal costs. These can vary and it's worth speaking to a few companies to obtain quotes.

Your Sales Consultant will provide you with the costs for the estate and service charges and your solicitor will be provided with the breakdown of what the costs cover.

About us

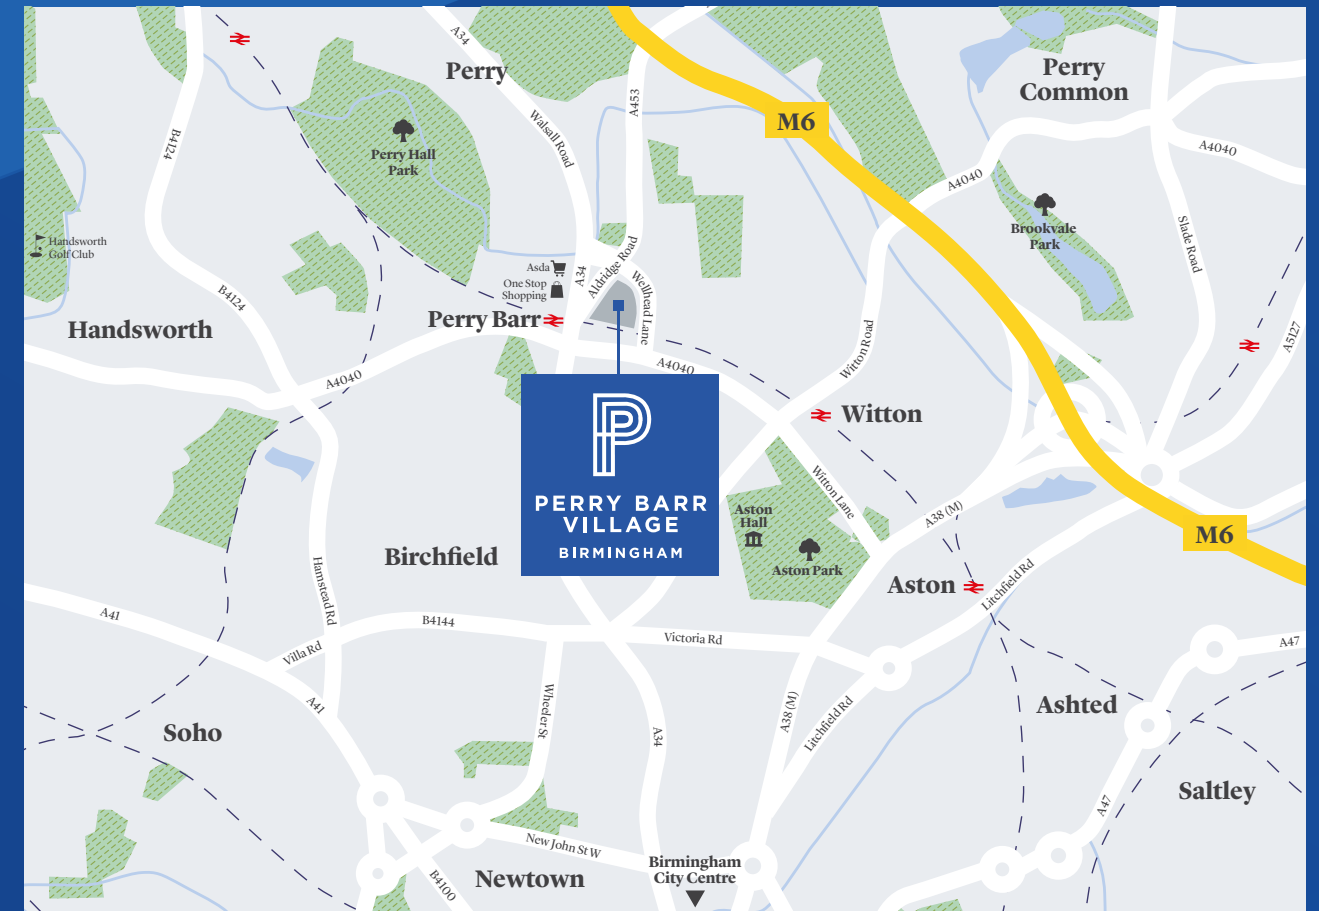

With us, people come first.
That's been the Legal & General
way for almost 200 years.

Legal & General was founded in 1836 by six lawyers in a coffee shop on London's Chancery Lane. Nearly two centuries later, we are investing in new homes for all ages, social groups and home ownership structures.

The shortage of housing in the UK and the high deposits required to buy a property outright mean that home ownership is out of reach for many people. Our mission is to improve everybody's chances to become a homeowner. Whether it's a first-time buyer, young couple or growing family, we believe that everyone deserves a safe and secure space to call their own.
