ABOUT ONWARD LIVING

At Onward Living we specialise in building quality new homes across the North West.

We believe everyone deserves a place to call their own, which is why we offer affordable homeownership solutions such as Shared Ownership to help you take that first step on the property ladder.

Whatever your situation, whether you're a first-time buyer, starting again or just thinking about downsizing, we'll help you find a home that's right up your street.

What's more, our friendly and experienced team will be there every step of the way, providing all the advice and support you need to make buying and owning your Onward Living home as straightforward as possible.

STEP ON THE LADDER AT PAVILION PARK

At Pavilion Park we have homes available for Shared Ownership and Rent to Buy, which are both great ways to help you take that first step on the property ladder.

Shared Ownership

Shared Ownership is another way to buy your own home. You buy a percentage (between 10% and 75%) and pay rent on the rest. Onward Living owns part of it – but you're living there, you decorate it, and you decide when to sell.

Buying a percentage means a smaller deposit and smaller mortgage. It's a sooner first step on the ladder for lots of people. Usually, you can also carry on buying shares, to own it 100%.

Shared Ownership is popular with first-time buyers who are looking to get on the property ladder, but it's also an affordable homeownership option for those who are starting again after a change in circumstances, and for those in later life looking to downsize.

Rent to Buy

Rent to Buy lets you live in your brand new home while you save for a deposit to buy it – so you can rent now, buy later.

The rent you pay is set at 20 per cent below the market rent value for a minimum of five years. With less rent to pay, it gives you the opportunity to save for a deposit to put towards purchasing the home in the future.

At the end of the rental period, you have the option to buy the property you've been renting – either with a mortgage or through Shared Ownership.
