Shared Ownership is a way of making home ownership possible for more people. You buy a share of your home, with a lower deposit, smaller mortgage and monthly payment on the rest.

SO Resi redefines Shared Ownership, by making everything clear and uncomplicated, so you understand how it all works at every stage, before and after you buy. Our SO Resi homeowners are important to us and we aim to build strong, lasting relationships by being here to answer your questions in a language that makes sense.

SO Resi by Metropolitan Thames Valley, a not-for-profit housing association. For over fifty years, we've been building good quality, affordable new homes and managing them well. By doing that, we've been helping to create communities where people are proud and happy to live.

## Development overview

This contemporary collection of 46 energy-efficient studio, one, and two-bedroom apartments — each with a private terrace or balcony — forms part of the wider Oval Village development, which is delivering around 1,300 new homes, along with jobs, leisure facilities, gardens, and transport infrastructure to this rapidly regenerating area.

At the heart of the site, the retained steel structure of a Grade II listed gasholder stands guard around a circular apartment block. Its shape is echoed in beautifully landscaped circular gardens and the Gasholder Place plaza, where a wall of greenery cascades down a salvaged steel trellis. A waterfall tumbles through it into a lily pond, featuring a striking steel statue of a phoenix — symbolizing the regeneration of this former industrial site.

With beautifully landscaped grounds, on-site facilities including an opportunity to join the on-site gym, this superbly connected development offers a highly desirable lifestyle.

**Useful information** 

With SO Resi, you buy your own home in your own way. You start with a share that's right for you, then you can buy extra shares over time, so it's all manageable and suits your income.

You start by buying between 10% and 75% of your SO Resi home. That means your monthly mortgage payments and deposits are smaller than they would be if you bought your home outright. There are two other monthly payments for your SO Resi home. One is the rental payment for the share of your home that Metropolitan Thames Valley owns. The other is the service charge, which pays to look after the building you live in. There are also the usual other costs, like household utility bills. You can choose to buy a bigger share of your SO Resi home in the future and even own 100%. The bigger the share you own, the lower your SO Resi payment will be.

You can sell your share at any time if you decide to move on.

#### We're here to help

Whatever your needs, we're on hand to help at every stage. First, we'll help you understand all the costs and work out what's affordable for you. If you decide to go ahead, we'll be there to answer your questions. And in the future, we can help you with buying a bigger share of your home, or with selling up if it's time for a change.
