A new home surrounded by nature

Get on the property ladder in a beautiful
new community.

Discover your perfect home

Benson Grange provides the opportunity to live in the peaceful Devon countryside, bringing 155 new homes to Witheridge.

78 of the new homes are available to buy through Shared Ownership, and 77 available to rent.

These Shared Ownership homes offer contemporary living with modern interiors finished to high specifications throughout. Offering a range of designs, the homes are generously sized, suited to a range of lifestyles, and can adapt over time as your circumstances change.

All homes offer a turfed garden, making it the ideal space to relax or socialise with friends and family. The homes have been built with sustainability in mind – without compromising on comfort or style. Energy-saving features, such as Air Source Heat Pumps, have been added to ensure the home is energy-efficient which not only contributes to a greener future but will also help save you money on utility bills.

Sustainable Living at Benson Grange

Homes designed for efficiency and the environment.

At Benson Grange we believe that a home should not only be a place of comfort but also contribute positively to the environment. With a focus on sustainability, energy efficiency, and wildlife-friendly elements, our homes are built to offer you a better, greener living experience.

Energy-Efficient Homes Built for the Future

Every home at Benson Grange is designed with energy efficiency in mind and boasts an impressive Energy Performance Certificate (EPC) rating of 'B', which is a clear indicator of its energy efficiency. This means that, right from the start, your new home will help reduce your carbon footprint and lower your energy bills.

Why Choose a New Build Home?

New build homes, like those at Benson Grange, are not only more energy-efficient but also more cost-effective in the long run. Here's how new build homes compare to older properties:

65% Less Carbon Emissions

On average, a new build home emits 65% less carbon per year than older properties. The average new build emits just 1.22 tonnes of carbon annually, compared to 3.51 tonnes for an older home.

EPC Ratings for 86% of New Builds

An impressive 86% of new builds receive an A or B EPC rating, indicating high energy performance. In contrast, fewer than 5% of older properties achieve this level of efficiency.

Up to 65% Cheaper Energy Bills

New build homes can save homeowners an average of £130 per month on energy bills—over £1,980 annually. This saving increases even more when comparing houses, with savings rising to £165 a month.

How Benson Grange Maximises Energy Efficiency

We've incorporated a range of features to enhance the energy efficiency of our homes:

Air Source Heat Pumps (ASHP)

Air Source Heat Pumps (ASHP) are one of the most innovative and energy-efficient heating technologies available today, and they play a key role in making homes at Benson Grange more sustainable and cost-effective.

The process works through a heat exchanger, which captures heat from the air, and an internal cylinder that stores and circulates this heat throughout the home. One of the main advantages of an ASHP is that it can provide both heating in the colder months and hot water year-round, all while using a small amount of electricity.

Key Benefits of ASHPs:

- Environmentally friendly
- Cost-effective
- Minimal Maintenance

Smart Meters

Stay on top of your energy consumption with the latest smart meter technology. These meters allow you to monitor your energy use in real-time, making it easier to manage your household's electricity and heating needs.

Electric Vehicle (EV) Charge Points

Benson Grange is equipped with Electric Vehicle (EV) charge points to support the growing need for cleaner, greener transport. Whether you're already driving an electric vehicle or planning to make the switch in the near future, having an EV charge point at home gives you peace of mind knowing that your vehicle can be charged in a reliable, convenient way, all while contributing to a reduction in overall carbon emissions.

Water Efficiency

We've equipped every home with water-saving sanitary fittings that help reduce potable water consumption.

LED Lighting

Save both energy and money with LED lighting throughout your home.

Advanced Insulation

Our homes come with superior insulation in the walls, roof, and floors, your home stays warmer in winter and cooler in summer, reducing the need for additional heating or cooling.

Energy-Efficient Appliances

The kitchen and laundry areas are equipped with energy-efficient white goods, helping reduce energy consumption across the board.

WITHERIDGE

Discover Witheridge...

An attractive and popular village located midway between the market towns of Tiverton and South Molton.

Your step onto the property ladder

This home ownership scheme allows you to buy an initial share in your home and rent the remaining share. Over time you can then buy more shares in your home until you own the full 100%.

About Shared Ownership

Q: How does Shared Ownership work?

At Benson Grange, you can buy an initial share of between 10% and 75% of the home's full market value. Your mortgage repayments are based on the share of the home you own, and you'll pay a subsidised rent on the remaining share that you don't own.

Over time, should your financial circumstances change, you may choose to purchase further shares, taking your ownership to 100%.

Q: Will I need a deposit?

With Shared Ownership properties, a deposit is still necessary, typically starting at just 5%–10%. Since you're buying a portion of the property, your deposit is typically lower than when compared to the open market, making it more affordable.

FAQs

Q: How do I know what percentage I can purchase?

At Benson Grange, you can own any share from 10% to 75% of the initial purchase price. You will be asked to speak to a mortgage broker to assess what share you can buy that is both affordable and sustainable.

Q: What if I already have a home?

If you already own a property you would need to have confirmed the sale of your home when you apply to buy via Shared Ownership. Your application would be assessed based on your housing need for you to be considered for Shared Ownership.

Q: Can I buy a property on my own?

If you earn or have a household income up to a maximum of £80,000 per annum, you could be eligible. You can also use Shared Ownership to buy alone or with another person as long as your joint incomes don't exceed the maximum earnings bracket.

Q: How will I pay my rent?

Legal & General has appointed a Management Provider, Pinnacle, to manage your rental account and will collect the rent on our behalf. They will be in touch with more information nearer the time of completion.

Q: Is it cheaper than renting?

Shared Ownership can be cheaper than renting privately as the mortgage cost and low rent usually add up to less than the equivalent rental payments to a landlord.

Q: Can I buy additional shares in the property?

Yes you can. This is known as 'staircasing'. You can staircase in annual 1% increments during the first 15 years of your lease, this is calculated based on the initial purchase price adjusted in line with HPI (House Price Index), or you can staircase in larger proportions (over 5%) with a RICS valuation. You can staircase to 100% ownership.

Q: Can I rent out my property?

You cannot grant an assured shorthold tenancy on a Shared Ownership property. If you want to get a lodger you can, however, you need to be able to afford to purchase the home without any assistance.

Q: How is the rent calculated?

Your annual rent is charged at 2.75% of the residual value of your home, which is reviewed annually each April. This is capped at CPI (Consumer Price Index) from September of the previous year +1%.

Our Sales Consultant and your mortgage broker can give you further details based on your specific circumstances.

Q: Can I decorate and make improvements to my home?

Yes, you don't need our permission for decorating or simple repairs, however, you would need to get permission for larger works to ensure it does not affect the structure of the building.

Q: What is the length of the lease?

The lease is 990 years.

Q: Will I have to pay Stamp Duty?

When you buy a share in one of our homes you will have to pay a Stamp Duty Land Tax (SDLT). We advise you consult your solicitor as to the amount payable at the point of your legal completion.

There are two ways to pay on a newly built (new lease) property. Making a one-off payment based on the total market value of the property or paying any SDLT due in stages. If you decide to make a one-off payment upfront this is known as making a 'market value election' If you choose to pay SDLT in stages then you pay SDLT on the initial purchase amount. Should you choose to pay SDLT in stages, you will not have to make any further payments until you own more than an 80% share of the property.

Q: What if I want to sell my property?

When you want to sell your Shared Ownership home, Legal & General Affordable Homes has a time period specified within your lease to offer the property to another eligible shared owner. If we are unable to source a suitable purchaser in this time, you can put the property on the open market.

Q: Are there other costs involved?

Some other costs to consider:

Estate charges

An estate charge is payable by all homes on the development to maintain roads, lighting, and landscaped and communal spaces.

Management fees

Legal & General Affordable Homes appoint a Management Provider to manage your home and rental account on our behalf. Pinnacle will be in contact shortly after you move in to introduce themselves.

Solicitor fees

You must appoint a solicitor before you can apply for a mortgage, and it is importance to check they are approved to work for your mortgage lender. Fees are usually based on a fixed cost basis.

Broker fees

A mortgage broker will charge a fee for their services, and this can vary from a fixed amount to a percentage of the purchase price. Your broker should explain what fees are charged before they undertake any work on your behalf.

Other fees

You may incur other costs throughout the moving process, for example, removal costs. These can vary and it's worth speaking to a few companies to obtain quotes.

Your Sales Consultant will provide you with the costs for the estate charges and your solicitor will be provided with the breakdown of what the costs cover.

Don't just take our word for it...

Here's what some of our customers have to say about living in one of our Shared Ownership homes.

Ben and Lilia

“When we spoke to the lovely sales team at L&G, we found out very quickly that Shared Ownership was something we did desire and that we could afford. If we were to privately rent in this area, it would be around £300 - £500 more than we are paying with Shared Ownership.”

Arati and Prashan

“As soon as we walked in, we could see ourselves living here and it felt like home. We have wanted to live here for a while and with Shared Ownership it made it possible. We found the team amazing, they were super helpful, knowledgeable and actually listened to us. So far, it has been the best journey with Legal & General Affordable Homes.”

Tracey

“First impressions were fantastic. Brand new carpets inside were fresh and clean. Really, really good size, the hallway is a lovely open space. Kitchen kitted out and bathrooms as well.”

Hono

“Shared Ownership helped me own a property in an area I love. The amount I was paying for rent was the same as I am now paying for Shared Ownership for a home that I love. The space and location are great and Shared Ownership made it possible to live in this area.”

Jamie and Jodie

“What stood out most about Shared Ownership was that it made something that was starting to seem quite impossible, very possible. If it wasn't for this scheme, we would have had to save for years for a deposit.”

About us.

People come first.

That's been the Legal & General way for almost 200 years.

Legal & General was founded in 1836 by six lawyers in a coffee shop on London's Chancery Lane. Nearly two centuries later, we are investing in new homes for all ages, social groups and home ownership structures.

The shortage of housing in the UK and the high deposits required to buy a property outright mean that home ownership is out of reach for many people. Our mission is to improve everybody's chances to become a homeowner. Whether it's a first-time buyer, young couple or growing family, we believe that everyone deserves a safe and secure space to call their own.
