

# Key information about the home

This document relates to the **New model shared ownership** scheme.

Shared ownership rules can vary depending on what rules were in place at the time the home was funded or planning permission granted, where the home is located and whether the home is for a specific group of people.

The scheme which applies to your home is shown in white in the table below.

Homes in certain places, known as Designated Protected Areas (DPA), may have some key differences to normal shared ownership. There are two types of leases which may be offered both of which have some restrictions to ensure that the homes remain as affordable housing.

For some homes you may have to show that you live in, work in, or have a connection to the area where you want to buy the home.

The table below highlights the key features of common shared ownership schemes. The information in this document is for homes with a **DPA (Designated Protected Area) – Mandatory Buyback lease** on the **new model shared ownership**.

| Shared ownership model                | Older model shared ownership                        | Standard model shared ownership  | New model shared ownership                         |
|---------------------------------------|---|--|--|
| Minimum initial share                 | 25%   | 25%  | 10%  |
| Lease length                          | Typically, leases were issued for 99 years from new | Leases are for a minimum of 99 years from new but typically at least 125 years | Leases will be for a minimum of 990 years from new |
| Initial repair period                 | No  | No   | Yes  |
| Buying more shares - minimum purchase | 10% or 25%  | 10%  | 5%   |
| 1% share purchase                     | No  | No   | Yes  |
| Landlord's nomination period          | 8 weeks or 12 weeks                                 | 8 weeks  | 4 weeks  |

The **minimum initial share** will vary depending on the home; discuss with the housing provider for more detail. For more information, see section 1, 'How shared ownership works', in the 'Key information about shared ownership' document

Additional features of homes sold on a Designated Protected Area lease:

| Scheme Lease Type                     | Designated Protected Area Mandatory Buy Back   | Designated Protected Area Restricted Staircasing  |
|---------------------------------------|--|---|
| Features                              | If you own more than 80% of the home the mandatory buyback provisions in the lease will apply and the landlord or a nominee should buy the lease from you when you wish to sell your property. You will not own the freehold at any point. | You can reach a maximum of 80% ownership in this home. As a result, you will not own the freehold at any point. |
| Maximum % share you can own in future | 100%   | 80%   |
| Additional restrictions               | May require a qualifying local connection to the area (see 'Eligibility' section for more information)   | May require a qualifying local connection to the area (see 'Eligibility' section for more information)          |

When you are looking for shared ownership homes, you should always check the Key Information Document to see which model covers that specific home.

When you buy a home through shared ownership, you enter into a shared ownership lease. The lease is a legal agreement between you (the 'leaseholder') and the landlord. It sets out the rights and responsibilities of both parties.

Before committing to buy a shared ownership property, you should take independent legal and financial advice.

This key information document is to help you decide if a shared ownership home with a **Designated Protected Area (DPA) – Mandatory Buyback lease** is right for you. You should read this document carefully so that you understand what you are buying, and then keep it safe for future reference. This document 'Key information about the home' is a summary and you should consider the information in 'Summary of costs' and 'Guide to shared ownership' before making a decision.

This does not form part of the lease. You should carefully consider the information and the accompanying lease, and discuss any issues with your legal adviser before signing the lease.

Failure to pay your rent, service charge, or mortgage could risk your lease being forfeited and your home being repossessed.

The costs in this document are the costs as at the date issued. These will increase (typically on an annual basis) and you should take financial advice on whether this will be sustainable for you.

- you're an existing shared owner, and you want to move
- you own a home and want to move but cannot afford to buy a new home for your needs

If you own a home, you must have completed the sale of the home on or before the date you complete your shared ownership purchase.

As part of your application, your finances and credit history will be assessed to ensure that you can afford and sustain the rental and mortgage payments.

Also, you must have a local connection to the Parish of Breage either through residency, work or family.

A local connection for this home is defined as:

- a) being permanently resident therein for a continuous period of at least three (3) years immediately prior to the date of a Housing Application; or
- b) being formerly permanently resident therein for a continuous period of at least five (5) years; or
- c) having your place of permanent work (normally regarded as 16 hours or more a week and not including seasonal or casual employment) therein for a continuous period of at least three (3) years immediately prior to the date of a Housing Application; or
- d) having a connection through a close family member (normally mother, father, brother, sister, son or daughter) where the family member is currently resident therein and has been so for a continuous period of at least five (5) years immediately prior to the date of a Housing Application and where there is independent evidence that the family member is in need of or can give support for the foreseeable future or on an ongoing basis

**Affordability assessment**

You will be assessed to check you can afford the home.

Your affordability assessment will be carried out by a suitably qualified and experienced adviser.

As part of the affordability assessment, you will need to provide documents to confirm your income, savings, and financial commitments.
