

## Key information about the home

There are variations of shared ownership models which have different features. The model of shared ownership may vary depending on:

- what rules were in place at the time the home was funded or planning permission granted
- where the home is located
- whether the home is for a specific group of people

Homes in certain places, known as Designated Protected Areas (DPA), may have some key differences to normal shared ownership. There are two types of leases which may be offered both of which have some restrictions to ensure that the homes remain as affordable housing.

For some homes you may have to show that you live in, work in, or have a connection to the area where you want to buy the home.

The table below highlights the key features of common shared ownership schemes. The information in this document is for homes with a **DPA (Designated Protected Area) – Mandatory Buyback lease on the new model shared ownership.**

Shared ownership model	Older model shared ownership	Standard model shared ownership	New model shared ownership
Minimum initial share	25%	25%	10%
Lease length	Typically, leases were issued for 99 years from new	Leases are for a minimum of 99 years from new but typically at least 125 years	Leases will be for a minimum of 990 years from new
Initial repair period	No	No	Yes
Buying more shares - minimum purchase	10% or 25%	10%	5%
1% share purchase	No	No	Yes
Landlord's nomination period	8 weeks or 12 weeks	8 weeks	4 weeks

Additional features of homes sold on a Designated Protected Area lease:

Scheme Lease Type	Designated Protected Area Mandatory Buy Back	Designated Protected Area Restricted Staircasing
Features	If you own more than 80% of the home the mandatory buyback provisions in the lease will apply and the landlord or a nominee should buy the lease from you when you wish to sell your property. You will not own the freehold at any point.	You can reach a maximum of 80% ownership in this home. As a result, you will not own the freehold at any point.
Maximum % share you can own in future	100%	80%
Additional restrictions	May require a qualifying local connection to the area (see 'Eligibility' section for more information)	May require a qualifying local connection to the area (see 'Eligibility' section for more information)

When you are looking for shared ownership homes, you should always check the Key Information Document to see which model covers that specific home.

When you buy a home through shared ownership, you enter into a shared ownership lease. The lease is a legal agreement between you (the 'leaseholder') and the landlord. It sets out the rights and responsibilities of both parties.

Before committing to buy a shared ownership property, you should take independent legal and financial advice.

This key information document is to help you decide if shared ownership home with a **Designated Protected Area (DPA) – Mandatory Buyback lease** is right for you. You should read this document carefully so that you understand what you are buying, and then keep it safe for future reference. This document 'Key information about the home' is a summary and you should consider the information in 'Summary of costs' and 'Guide to shared ownership' before making a decision.

This does not form part of the lease. You should carefully consider the information and the accompanying lease and discuss any issues with your legal adviser before signing the lease.

Failure to pay your rent, service charge, or mortgage could mean your home is at risk of repossession.

The costs in this document are the costs as at the date issued. These will increase (typically on an annual basis) and you should take financial advice on whether this will be sustainable for you.
