With SO Resi, you buy your own home in your own way. You start with a share that's right for you, then you can buy extra shares over time, so it's all manageable and suits your income.

You start by buying between 10% and 75% of your SO Resi home. That means your monthly mortgage payments and deposits are smaller than they would be if you bought your home outright. There are two other monthly payments for your SO Resi home. One is the rental payment for the share of your home that Metropolitan Thames Valley owns. The other is the service charge, which pays to look after the building you live in. There are also the usual other costs, like household utility bills. You can choose to buy a bigger share of your SO Resi home in the future and even own 100%. The bigger the share you own, the lower your SO Resi payment will be.

You can sell your share at any time if you decide to move on.

We're here to help
Whatever your needs, we're on hand to help at every stage. First, we'll help you understand all the costs and work out what's affordable for you. If you decide to go ahead, we'll be there to answer your questions. And in the future, we can help you with buying a bigger share of your home, or with selling up if it's time for a change.
